Check Positive Pay

Check-based fraud prevention you can trust.

Managing payment processing and check reconciliation can be daunting for any business, especially at high volumes. Dime's Check Positive Pay¹ solution helps protect your business by mitigating check fraud. It also provides greater operational efficiency through automated check reconciliation. With Check Positive Pay, we'll match each check processed and presented for payment against a list of checks issued by your business each day. If exceptions are found, we'll report them to your business for review, and you can make the final decision to either accept or reject the check.

As a trusted name in community banking, Dime is always there for your business. Our experienced relationship managers will work with you to set up Check Positive Pay, and will be there protecting your business from check fraud every step of the way.
